Esterházy Palace

In what we consider Hungary's most beautiful Baroque palace, the Esterházy Castle of Pápa, visitors are welcomed with a wide range of programs and unforgettable experiences.

During the regularly scheduled guided tours, visitors gain insight into the everyday life of the Baroque aristocracy and experience the charm of a vividly brought-to-life past. The tour also includes a short film presenting the history and main attractions of the town, as well as a visit to the castle chapel.

In the Craft Workshop, guests can discover the secrets of chocolate making and create their own handcrafted bonbons in a variety of flavors – delightful treats to surprise loved ones, friends, or even themselves.

Located in the eastern wing of the castle, the Children's Realm invites both young and old to admire a miniature replica of the Esterházy family's former residence in Pápa, built entirely from LEGO® bricks. Afterwards, in the play area, children can design and build their very own castle using the world's most famous building blocks.

Guests may also dress in the castle's beautiful Baroque costumes and capture the memory of their visit with a charming photograph.
