Várkert Spa – Experiences and Relaxation in Every Season

Count Tamás Esterházy commissioned Pápa's first magnificent open-air bath for the town's residents.

Bathing has remained a cherished tradition in the town ever since, and today Pápa is home to an extensive and impressive spa complex.

Pápa's modern thermal, adventure and wellness spa welcomes guests seeking relaxation in the unique setting of the Esterházy Castle park.

A wide variety of pools – including sports, outdoor-access, adventure, seated and slide pools – ensure carefree relaxation throughout the year.

The sauna world offers a peaceful space for renewal, where physical and mental rejuvenation take center stage.

The beneficial effects of the certified medicinal thermal water, combined with comprehensive therapeutic services, support regeneration and overall well-being.

The beach area spans four hectares, featuring diverse pools, several giant slides and spacious green areas, providing unforgettable experiences for both children and adults alike.
